

**SUBJECT: Your UdeM access code**

Hello,

We have received your application for admission and thank you for your interest in l'Université de Montréal.

You can review your file and track your application for admission in your [Centre étudiant](#). To do this, authenticate your identity with an [access code and UNIP](#)/password.

**Your access code is:** See email

A temporary *UNIP* will be sent to you in a second email. If you have already submitted an application for admission to Université de Montréal, you may continue to use the *UNIP* you have used previously.

**Be careful not to confuse your access code with your *matricule*:**

- In addition to the [Centre étudiant](#), your access code gives you access to various UdeM **computer services** (Portal, StudiUM, Wifi, etc.). It usually consists of five to eight characters, the first of which may be a letter (e.g. p00XXXX).
- Your *matricule* is your UdeM **student file number**. It usually consists of eight digits (e.g. 200XXXXX) and is required when paying your invoice and for any transactions with university authorities. It can be found in your *Centre étudiant*, under *Personal Information*, and on the back of your future student card.

If you have not received a temporary *UNIP* or have forgotten your *UNIP*, use the [online tool](#).

For more information about your admission, see the *After applying* section in the [Admissions and Program Guide](#).

To obtain assistance with the *Centre étudiant*, visit the [Registrar's Office site](#).

Best regards,

IT Service Centre  
Université de Montréal
