

Université   
de Montréal

The University of Montreal  
and of the world.

For the  
student community of

tomorrow

[admission.umontreal.ca/en](https://admission.umontreal.ca/en)

# The University of Montreal and of the world

The most multilingual francophone university

Université de Montréal is the vibrant heart of a community that beats to the rhythm of the world. On campus, one person in four comes from another country and over 60 languages are spoken. But the French language does so much more than bring people together: It opens doors to linguistic plurality, student mobility and the world.

[umontl.ca/a-place-for-you](https://umontl.ca/a-place-for-you)

## **Inclusive admission**

UdeM is open to the world of diversity.

It's a place where each person's background makes them truly special. Inclusive admission projects are gradually being implemented to recognize each student's uniqueness and to create cultural richness based on a blend of origins, opinions and expertise.

# Montreal, the French-speaking metropolis of the Americas

A city between two worlds

Montreal frequently tops international lists of the best student cities. That's because it's a safe, young and dynamic metropolis that's a great place to live and study. Nestled between nature and urbanity, the main campus combines the tranquility of the mountain with the hustle and bustle of downtown.

[umtl.ca/live-campus-life](http://umtl.ca/live-campus-life)

# Creating the school of tomorrow, today

Shaping the future  
through research

Education brings the world together to share a world of ideas. As a pioneer in fields of the future, such as artificial intelligence, social relationships, brain and thought, digital humanities, democracy and environmental health, Université de Montréal is one of the largest research universities in the world. Its research teams are focused on the challenges of tomorrow and powered by the promise of its incredible community.

[umontl.ca/research](https://umontl.ca/research)

## Behind the research

Whether human, social, pure or applied, all sciences are powered by research. It's up to you to write your own research story: in a state-of-the-art laboratory, in a library or out in the field.

# Sustainable development gets the green light

An equitable, supportive campus

Nestled on Mount Royal, the main campus extends over 65 hectares of greenery, streets, bike paths and trails. It's where initiatives in urban agriculture, beekeeping, circular economy, ecological transition and sustainable mobility all grow together.

50 kg of honey  
produced from our  
6 beehives

225,000  
single-use containers  
diverted from landfill

24,000  
cans of beer and  
kombucha  
from mountain harvests

65%  
Quebec  
products  
on our plates

20 litres  
of maple syrup  
from 16 maple trees  
tapped on campus

1600  
sq. ft. of agricultural land  
(greenhouses, gardens and mushroom  
production enterprises)

2022 statistics

# A campus on the move

## Fitness is in our nature

Get moving at the CEPSUM or on our trails with the sport of your choice! Whether you're an elite athlete, a recreational sports enthusiast or a super fan, you'll get in the game with Olympic-calibre facilities, an array of clubs and leagues, and the Carabins, UdeM's beloved varsity team.

The CEPSUM is home to a variety of sports and top-notch teams: track and field, cheerleading, climbing, field hockey, cross-country skiing, spikeball, squash, ultimate frisbee, volleyball and much more!

[umtl.ca/get-active](http://umtl.ca/get-active)

### Good to know

All members of the UdeM community enjoy automatic access to the CEPSUM facilities and benefit from great discounts on other activities.

# Student life

## A way of living

From your very first year, you'll enjoy a lively atmosphere, great camaraderie and a calendar of themed activities to create fond memories. Throughout your time at UdeM, the opportunities for networking, encounters, mutual aid and social life will be with you.

[umontreal.ca/student-services](https://umontreal.ca/student-services)

### Orientation week

Discover the world of your university.

### Student mentorings

Ease into your environment.

### Linguistic pairing

Open up to the world!

### 4@7s

Connect and network with your peers!

### Carabins games

See your favourite team in action.

### Student groups

Can't find a group you want to join? Start your own!

### 2nd-floor party

Get into the groove at this signature soirée!

### Student cooking

Stir up some fun by sharing recipes with other cooks.

### Student bazaar

Shop for used treasures at low prices.

## Get in touch with the team of ambassadors

You'll find our dynamic team of ambassadors on campus and on social media, answering your questions, sharing advice, discussing the student experience and creating meaningful connections.

 [@umontreal.futuretudiant](https://www.instagram.com/umontreal.futuretudiant)

# Campus life

## The university of health and well-being

A veritable city within a city, the mountain campus is rooted in a bustling neighbourhood! Services, health clinics, activities and amenities are all within easy walking or cycling distance. This ecosystem of resources – most of them offered by and for the university community – is a vibrant place to reach your full potential and connect with like-minded peers.

Our Laval, Brossard, Saint-Hyacinthe and MIL campuses, near major transportation hubs, are an extension of the main campus.

- Sports centre

# The 7 steps to admission

We've made the admissions process as stress-free as possible. Let's walk you through the steps to an academic path that's right for you:

1

## Explore

your interest in and affinity for various study fields, plus the possibility of pursuing related disciplines.

2

## Check

admission requirements, such as prerequisites, tests and interviews, minimums and deadlines, which can vary from program to program.

3

## Submit

one or more applications – no more than 10 program choices – then upload the required documents.

4

## Track

your admissions file through communications and notifications to seamlessly follow the progress of your application.

## In parallel

A few complementary things you can do along the way

Explore **funding** possibilities: entrance scholarships, government programs, student jobs, financial aid, etc.

[umtl.ca/financing](http://umtl.ca/financing)

5

## Accept

your offer of admission, reserve your place and celebrate!

6

## Register

for courses according to your program path.

7

## Get ready

for the new school year with our many integration resources and orientation activities!

With so many **resources** available, making a nest in an accessible city like Montreal means you can safely fly solo.

**UdeM International** provides personalized support from the very first steps of your immigration process to help you integrate into the university community.

[umtl.ca/international](https://umtl.ca/international)

Finding a **research supervisor** is a crucial step in developing and carrying out a research project.

[umtl.ca/research-supervisor](https://umtl.ca/research-supervisor)

# Study programs

There may be different types of undergraduate programs (bachelor's degree, certificate, minor, major and undergraduate doctorate) and graduate programs (master's degree, doctorate, DESS and microprogram) for each of the disciplines listed below.

Learn more: [umtl.ca/types-of-programs](http://umtl.ca/types-of-programs)

**UN:** undergraduate programs  
**GR:** graduate programs

Although Université de Montréal is a French-language university, some of our research departments are open to creating a bilingual environment for students in graduate-level programs. These departments are aware of the importance of bilingualism in order for graduate students to succeed in their research careers.
