

# SEVERAL PATHS TO A DEGREE

# 4-YEAR UdeM BACHELOR'S DEGREE

4 years • 114+ credits

Includes one year of preparatory courses and three years of courses in the discipline. May lead to graduate studies.

# PREPARATORY YEAR ☐ 1 year • 24 credits

Basic general education to develop the knowledge and skills required to pursue an undergraduate degree.

# COMBINED BACHELOR'S DEGREE

#### **BACHELOR**

**3** years • 90+ crédits

### **Specialized**

The vast majority of credits are earned in the same discipline. May lead to graduate studies.

#### **Bidisciplinary**

Covers two related fields of study in equal parts. May lead to graduate studies.

### **Minor or certificate**

1 year • 30 credits

May be combined to create a combined bachelor's degree.

# Minor or certificate

1 year • 30 credits

May be combined to create a combined bachelor's degree.

#### **Minor or certificate**

1 year • 30 credits

May be combined to create a combined bachelor's degree.

**Minor:** Corresponds to one year of a bachelor. **Major:** Corresponds to two years of a bachelor.

# Minor or certificate

1 year • 30 credits

May be combined to create a combined bachelor's degree.

# Major

2 years • 60 credits

The major may be the main component of a bachelor's degree or may be a diploma in itself.

A combined bachelor's with a major may lead to graduate studies in the discipline of the major.

### Major

2 years • 60 credits

A combined bachelor's degree with two majors may lead to graduate studies in both disciplines.

# Major

2 years • 60 credits

A combined bachelor's degree with two majors may lead to graduate studies in both disciplines.

GRADUATE LEVEL

# **DESS** 1 year • 30 credits (SPECIALIZED GRADUATE DIPLOMA)

Focused on the foundations of a specialization and the specific application of that knowledge.

# MASTER ■ 2 years • 45 credits

**In research (with thesis):** further specialization with initiation into research.

**Professional or specialized (with an internship or supervised project):** further specialization and development of the skills related to the professional practice.

# **DOCTORATE (Ph.D.)**

4 to 5 years • 90 credits

Training researchers and professor researchers. Original scientific research applied to a proven methodological approach. Courses and qualifying exams. Writing a thesis and defending it before a jury.

# POSTDOCTORAL INTERNSHIP

6 months to 3 years

Acquiring expertise in a field of specialized research » esp.umontreal.ca/english/postdoctoral-fellow/

### **CALCULATE YOUR STUDENT FEES**

Tuition fees for international students in Quebec are among the lowest in North America.

To fully understand how to calculate tuition fees, you have to take certain basic notions about the Quebec university system into consideration which will serve you throughout your academic career.

### The school year over the three terms

The academic year of a university student is spread out from September to August, in three semesters of 15 weeks (commonly referred to as sessions). Candidates are generally admitted in the fall semester, although some students start their program in the winter or summer.

### University credits

The first variable you'll need to consider when calculating the cost of studies is the number of credits acquired in a course. A credit is a numeric value that corresponds to the workload required to achieve the objectives of a course. One credit is equivalent to 45 hours of work, including the number of hours spent in the classroom. A course usually has three credits.

# Student status: full-time or part-time

If you are an international student, your study permit will require you to be registered full-time for the duration of your studies. That means a minimum of 12 university credits or a maximum of 18 credits per term for undergraduate programs. This is equivalent to four or five courses respectively.

At the graduate level, it is common to enroll in courses of 4 credits. It's not necessary to fill your term with a minimum of 12 university credits to obtain full-time student status. The minimum threshold is 9 credits in the fall and winter and 6 credits in the summer.

To learn more, visit the Blog Focus UdeM!

# **PERFECT YOUR FRENCH**

Don't let the fact that you're not completely fluent in French hold back your plans for a university education in Montreal. Register for one of our courses or workshops and improve your language skills in one of the country's most reputable schools. Regardless of your level, helpful resources are available on campus when you arrive.

ecoledelangues.umontreal.ca (Fr)

cce.umontreal.ca (Fr)

### STUDYING ABROAD

The Université de Montréal has established programs with universities in almost all regions of the world, including Europe, America and Asia. These programs allow you to pursue your education abroad for one or two semesters, and still be a part of the Université de Montréal. In all. we have partnered with 500 universities in 64 countries. Which one will you choose?

maisoninternationale.umontreal.ca (Fr)

### **COORDINATING YOUR ENTRY INTO CANADA**

If you are an international student and your immigration papers are not in order before you arrive in Canada, you could experience difficulties trying to get in. Upon receipt of your official or conditional admission notice, we highly recommend that you start your immigration process quickly. As a general rule, you should have the following documents before you leave: a Certificate of Acceptance from Quebec (CAQ), a study permit, and a visitor visa or Electronic Travel Authorization (eTA) (depending on your country of origin). Remember, these procedures should not be taken lightly, so make sure your passport is valid when you start.

For more advice, the Bureau des étudiants internationaux (BEI) is available to answer all your questions.

bei.umontreal.ca (Fr)

# THE COST OF LIVING IN MONTREAL

Fortunately, the cost of living in Canada is very affordable compared to other countries. Your budget should take into account text books, personal living expenses and rent.

Whether you're sharing an apartment, living on campus or going solo, there are plenty of options for affordable accommodations in Montreal. All you have to do is plan a budget and pick a neighbourhood. Rents are considerably cheaper than most American and European cities. In fact, it's quite common to find a cozy little apartment at a price that can't be beat.

Accommodations off campus » logement.umontreal.ca (Fr)

# 4-YEAR UdeM BACHELOR'S DEGREE

If you've studied outside of Quebec, a 4-year UdeM Bachelor's Degree could be right for you. With one year of preparatory courses and three years of courses in your chosen discipline, this option allows you to submit one application for all four years of study.

More than thirty disciplines are offered in the fields of science, letters and humanities. Look for the *B 4* sign in the list of programs.

umtl.ca/bac4ans (Fr)

### HELP BUILD THE FUTURE

The wide variety of graduate programs at UdeM offers you the opportunity to acquire a specialization, deepen your knowledge, collaborate in the advancement of science, and stay on the cutting edge of your area of expertise. Find out more:

recherche.umontreal.ca/english

# THE GRADUATE AND POSTDOCTORAL STUDIES

As a valuable ally for your graduate studies, the Vice-Rector's Office for Graduate Studies supports students from admission to graduation and disseminates information on scholarship programs.

esp.umontreal.ca/en

### RESEARCH SUPERVISOR

Your research supervisor will play a major role throughout your studies. It's important to choose someone with whom you have an affinity with and who can support you at every stage of your journey.

You can also download the guide: *How to Find Your Research Supervisor: 6 Questions to Consider* for students pursuing graduate studies.

umtl.ca/findyoursupervisor

# FINANCING YOUR STUDIES

To encourage students that possess an excellent academic record or particular profile to pursue their studies or research projects, there are numerous scholarships available.

Consult our scholarship directory to learn more about funding your studies.

bourses.umontreal.ca (Fr)

# EXEMPTION FROM DIFFERENTIAL FEES

If you are pursuing a Master's or Ph.D. program, and have a strong academic record, you could be eligible for a waiver from additional tuition fees paid by international students.

Worth about a few thousands dollars a year, this financial boost will help you make your dream of studying abroad come true.

# **FIND YOUR PATH**

Through the exploratory approach of the Career Quiz, you can discover your areas of interest as well as the UdeM programs that correspond to your personality traits, your fields of interest and your professional ambitions.

#### **Get started!**

#### admission.umontreal.ca/cursus

Development and production : Éditions Septembre Adaptation : Yves Maurais

# UdeM AS IF YOU WERE THERE

Discover the faculties of UdeM in the company of international students.

### umtl.ca/discover

Stay connected! Follow the experiences of French-speaking students at the UdeM.

#### @montrealisezvous

Get the latest news and ask the admission team any questions you have.

@UniversitedeMontreal

# PROGRAM COMPARATOR

This tool gives you a side-by-side chart of three programs to compare their similarities and differences and help you make the right choice.

### umtl.ca/comparateur (Fr)

Students between 15 and 17 years old coming from the four corners of the world can now take part in an immersive experience on the Université de Montréal campus. Discover themed workshops, language classes, cultural excursions, athletic activities and much more!

umtl.ca/summerimmersion

# COMPASS: CHECKLIST

This interactive tool is designed to take you through the four steps of the admission process.

### admission.umontreal.ca/compass

1 EXPLORE

Discover all the programs the University offers.

2 PREPARATION

Assemble all the documents you need to apply.

**3** FILING

Send in your application and pay the fees.

4 AFTER YOU SUBMIT

Track the progress of your application at the *Centre étudiant*.
