Resource persons

PROGRAM INFORMATION

François Sestier 514-343-7606 ou 1-877-343-7606

Objectives

The goal of the program is to train health professionals so they can improve their knowledge and skills in the medicolegal field.

Strengths

- Unique in North America
- Lectures offered online
- Great flexibility

Career prospects

This program allows students to fill the position of consultant for businesses or insurance companies.

Regulations

Studies in this program are governed by the educational regulations of the Faculty of Graduate and Postdoctoral Studies and the following provisions:

1. Admission requirements

To be admitted as a regular student in the DESS (Insurance Medicine and Medicolegal Expertise), candidates must:

- Have a university degree that gives access to a health profession or a LL.B. (Law), or show proof of equivalent education.

2. Program length

The minimum duration of the program is two full-time sessions. The maximum duration is three years.

Program structure (2-452-1-1)

The DESS (Specialized Graduate Diploma) is a 30-credit post-graduate diploma: 24 mandatory and 6 optional credits. It adds a third year to your training (it can be completed in 6 sessions plus an extra 12 months for the written publication, and results in the issue of a diploma).

Legend: CR: Credit, SC: Schedule, D: Day, E: Evening
