 Part-time

 Courses offered only online

 Program offered in English

Resource persons

PROGRAM INFORMATION

François Sestier 514-343-7606 ou 1-877-343-7606

Objectives

The goal of the microprogram is to train health professionals so they can improve their knowledge and skills in the medicolegal field, as well as in the insurance medicine field.

Strengths

- Unique in North America
- Lectures offered online
- Great flexibility

Career prospects

This program allows students to fill the position of consultant for businesses or insurance companies.

Regulations

Studies in this program are governed by the educational regulations of the Faculty of Graduate and Postdoctoral Studies and the following provisions:

1. Admission requirements

To be admitted as a regular student in the microprogram (Insurance Medicine and Medicolegal Expertise), candidates must have a university degree qualifying them for a health profession or a LL.B. (Law), or show proof of equivalent education.

2. Program length

The minimum duration of the program is one full-time session. The maximum duration is two years.

Application deadlines

Before submitting an application, check the application periods for the chosen session.

Summer

- **Summer 2021:** From September 1st, 2019 to February 1st, 2021

Program structure (2-452-6-3)

The microprogram consists of 17 credits.

Legend: CR: Credit, SC: Schedule, D: Day, E: Evening
